HISTORICAL RESOURCES CONSULTANTS AND CONSULTING FIRMS

This listing of historical resource consultants and consulting firms contains those firms and individuals who have identified themselves to the Archaeological Survey of Alberta as being available to conduct historical resource assessments and research work. All persons and agencies in this list are qualified or have access to staff who are qualified to apply for an archaeological research permit. The statements as to areas of expertise and/or special skills and interests for specific individuals and firms were provided to the Archaeological Survey of Alberta by the respective individuals and firms but in no way reflect assessment by the Archaeological Survey of Alberta. The Archaeological Survey of Alberta makes no recommendation with respect to this listing and does not intend to imply by it that these are the only individuals and firms which are qualified and available to conduct historical resource assessments and researches in Alberta. The Archaeological Survey of Alberta is not responsible for any errors or omissions to this listing.

This list is provided for information purposes only. The Province of Alberta assumes no responsibility or liability for the acts or omissions of any person or firm contained herein.
